ROLL CALL AT UNIVERSALIST CHURCH

Forty-Eight Answered to Their Names Thursday Night—Members Hear From Rev. Henry Williamson of Dundee, Scotland.

Forty-eight answered to their names at the annual roll call at the Church of the Good Shepherd, Universalist, Rev. Joseph F. Cobb pastor, on Thursday evening, and in addition a number of letters were read from out of town members who were unable to attend. One young lady who resides in New London came up to Norwich to attend the service so that she could answer to her name when it was called.

Of unusual interest to the members of the church was the announcement concerning Rev. Henry Williamson of Dundee, Scotland. Rev. Mr. Williamson has just observed his 50th anniversary as pastor of the church at Dundee, but during that entire period he has retained his membership with the Universalist church in this city.

Rev. Mr. Williamson became a member of the Norwich Universalist church on Dec. 29, 1859. Rev. Mr. Williamson sent an account of his anniversary observance to the local church, and this account was read at the service Thursday evening. The letters read came from Mt. Vernon, N. Y.; Leicester, Mass.; Peabody, Mass.; New York city and Winchester, Mass. At the present time there are nearly 100 members on the roll, but one-half of the members reside out of town.

Following the roll call, the observance of the Lord's supper took place. Grading the church pulpit were hand-some flowers sent as a gift by Mr. and Mrs. M. M. Whittemore of Lancaster, Mass. Mr. and Mrs. Whittemore are members of the local church.

ANXIOUS FATHER LOOKING FOR MISSING SON
E. Dedham Boy Is Believed to Be Somewhere in the Vicinity of This City.

Chief George Linton has received a letter from John J. Kelleher of E. Dedham, Mass., asking him to assist in locating his son, Maurice F. Kelleher, who has been missing from his home since April 4. On the 13th his parents had a letter from him saying he was working on a farm about twenty miles from the place where he wrote the letter. He gave no further information but the letter was postmarked Williamsville.

There is another boy with him. He also wrote home the same date but his letter was postmarked Norwich, which gives the impression that the boys are somewhere in this vicinity. The boy sixteen years of age, is five feet and seven inches tall, has dark red hair and a slight scar on the left cheek. When he left home he wore a dark suit and a gray cap. He was a junior at the Dedham High school. His parents say there was no reason for him leaving home and he had only about \$4 with him when he left.

AGREEMENT FOR \$1,336.61 ACCEPTED BY COURT.

Case of Thomas F. Foran vs. Curtis Eggleston Terminates in Superior Court.

The trial of the case of Thomas F. Foran of New London vs. S. Curtis Eggleston of Ashwille terminated in the superior court Thursday afternoon at 2:15 o'clock when the court accepted an agreement for a judgment for \$1,336.61.

Previous to the opening of court on Thursday morning Judge Joel H. Reed suggested to the lawyers that the case might be settled out of court. The lawyers took advantage of the suggestion and after the opening of court began to impair. At 3:15 o'clock in the afternoon they had reached an agreement awarding Mr. Foran \$1,336.61 and this agreement was accepted by the court. Mr. Foran was given judgment for the amount agreed upon and the transfers in the savings bank accounts were set aside.

Court then adjourned until next Tuesday, when a session will be held in the common pleas rooms.

MAY PRINT PROCEEDINGS OF SIXTH CONFERENCE.

State Board of Charities and Corrections Leaves Matter With Committee.

As to whether the proceedings of the sixth conference of the Connecticut state conference of charities and corrections, to be held at Norwich April 30-May 3, shall be printed as a permanent record, rests in the hands of a committee comprised of President Leonard O. Smith, Norwich, Secretary Edward D. B. Lynde, New London, and Charles P. Kellogg, Waterbury, secretary of the state board of charities. This was action taken following a discussion at the final meeting of the conference's executive committee at New Haven recently. Several members were of the opinion that the printed report of the proceedings would not be of sufficient interest to justify the expense while others believe that they would be of much value in influencing legislation. One member suggested that a

first class stenographer may be secured for the occasion, to retain several typewritten copies of the proceedings. Another suggested that arrangements may be made with The Norwich Bulletin to report the meeting very nearly in full in order that copies that paper may be used where proceedings of the conference were required. This matter was finally left entirely in the hands of the committee. As a number of the members decided that a nominating committee would find it easier to meet than to arrange for a future time, President Smith appointed Dr. David Gibbs of Meriden, Charles P. Kellogg of Waterbury and former President Schuyler Merritt of Stamford. This committee is to give advice relative to the selection of officers and executive committee members for the next year.

Train Service on Programme.
The suggestion was made that it might be more advisable to the delegates if on the programme there is printed a schedule of train service, and Mrs. Mitchell reported that this is being arranged. The final programme arrangements were left to a committee comprising President Smith, Ernest A. Cherry and Secretary Lynde.

President Smith spoke in an appreciative manner relative to the excellent attendance and made the gratifying announcement that Graham Taylor, who had been secured as the principal speaker at the opening of the conference on the night of April 30. Each section presented its report, either representative. President Smith reported that the treasurer has received \$590.

To Hold Open Meeting.

The committee on legislation welcomed the suggestion which was made that there should be an open meeting Monday morning for the discussion of new legislation up for the endorsement of the conference. It was voted to have this session at 9:30 o'clock on Monday morning. Hon. Thomas L. Reilly of Meriden, chairman of the committee, received for the consideration of the committee. Secretary Lynde was instructed to write to the chairmen of the various sections asking that they submit legislation in the form of bills, if possible, which they care to recommend. Prof. Farnum of Yale spoke in favor of discussing at the meeting the improvement of the laws relating to housing. It was decided to procure Charles Allyn, secretary of the housing commission of Newark, N. J., as the second speaker.

Mrs. Frank Mitchell asked the opinion of the executive committee as to whether the local committee should make arrangements for the accommodation of delegates in the homes of Norwich people. Mrs. Frank M. Wright of Stamford reported that 150 people took advantage of such arrangements in Stamford last year. As the Meriden members did not object to this plan being established as a precedent, Mrs. Mitchell reported that the local committee would be glad to provide such accommodations this year.
